

The Republic of Moldova is participating in the 42nd Assembly of the International Civil Aviation Organization (ICAO)

From September 23 to October 4, the Moldovan delegation, led by the Deputy Director of the Civil Aviation Authority, Evgheni Kostetski, is attending **the 42nd ICAO Assembly held in Montréal, Canada.**

The ICAO Assembly is the organization's main decision-making body, where member states establish, every three years, the strategic directions, global policies, and budget for ICAO's activities. During the Assembly, the ICAO Council – the executive body responsible for implementing these decisions – is also elected.

Moldova's presence at the Assembly contributes to strengthening the country's visibility on the international stage and reaffirms our commitment to a safe, efficient, and sustainable civil aviation sector, in line with the highest international standards.
